Standard Type List of Applications

Classification	Product	Textiles			Paper Processing		Adhesives			Dispersant		Film Formation		Caking Agents		Construction		Other			
		Span	Filament	Hard finish of textiles	Clear coating	Pigment coating	Paper adhesive	Remoistenable adhesive	Plywood adhesive	Vinyl acetate emulsion polymerization	Vinyl chloride suspension polymerization	Film	Sponge, grindstone	Ferrite, ceramics	Agricultural chemicals, seedling planting soil granulation	Cement mortar	Gypsum board	Photosensitive membrane	Acetal resin	Cosmetics	Soil stabilization
Fully Hydrolyzed Type	**V**			○	○		○		○			○	○								
	VC-10			○	○																
	VC-13			○	○																
	VC-20			○		○	○														
	VF-17				○		○					○	○								
	VF-20						○														
Medium Hydrolyzed Type	**VM-17**						○	○													
	VT-13KY	○					○	○													
Partially Hydrolyzed Type	**VP-18**							○				○		○						○	
	VP-20							○
